HOW TO START A KIDS' LIFE BIBLE CLUB

Begin with prayer. If you have a passion for children's ministry and feel that God has affirmed your desire to lead a Kids' Life Bible Club, pray for team members to join you in this important ministry. Inform your church of our program and tell them that KLBC staff is available to meet with the Outreach Committee, or any appropriate group, to present our program. Ask friends to pray for you as you form your ministry team.

When you have assembled your team, all of the members must complete a KLBC *Volunteer Application* form and agree to have a background check. If your Club starts in the fall, attend the annual *Kick-Off* training session in September. You will receive all the supplies necessary to begin teaching and the flyers necessary to invite children to your Club.

PROCEDURE FOR WORKING WITH SCHOOLS TO CONDUCT A NEW BIBLE CLUB

1. KLBC will secure permission from the school to conduct a Bible Club. They will also complete a *Building Use Form* and take care of any room rental fees.
2. Introduce yourself to the principal of the school and the office staff.
 - A. Determine whether or not you will need to have a background check to volunteer in the school (GR does require this). Complete the paperwork as soon as possible to be approved before the school year begins. Also ask if you have to check into the office each time you arrive for Bible Club.
 - B. Determine the school's policy for handing our flyers to invite the children to Bible Club. Some schools have open houses in August where you may, with permission, hand out the flyers to parents/guardians.
 - C. Find out what time the school dismisses classes to determine your club's start time.
 - D. If there is an after-school program such as LOOP, speak with LOOP leader to determine how you will get the children from that program to your club and back again.
3. Visit the school office one week before Bible Club begins to get your room assignment. If possible visit the room to see the layout of tables, chairs, etc.
4. On Bible Club day arrive early enough to set up your room. Do not expect to use school equipment, other than tables and chairs. End club at the proper time. Discharge children to their parent or escort them to another program. Always leave the room in good order. Do not allow children to wander the school unattended.
